

Align urban forest management policy with community expectations and promote efficiency within the Department of Public Works.

Goal 5: Revise Municipal Code to respond to community needs.

- **Objective 1:** Review and revise Municipal Code to address the challenges facing the urban forest.

Existing Policy 6: Ensure policy documents communicate a shared vision.

- **Objective 1:** Unify guiding documents to transcend departmental changes and address inefficiencies and reduce confusion.
- **Objective 2:** Optimize interdepartmental communication and coordination.

Existing Policy 7: Provide emergency response to ensure accessibility for emergency responders and restoration of regular operations.

- **Objective 1:** Restore operations and public safety as efficiently and as quickly as possible following storm or other emergency events.

Existing Policy 8: Maintain a fire safe community.

- **Objective 1:** Focus fire mitigation efforts on Tracy Hills and other areas of vulnerability.
